## REPORT OF THE CHAIRMAN OF THE NURSING COMMITTEE

To the Selectmen and Citizens of the Town of Hinsdale:

This is the fifth year the town has had the benefit of a Red Cross nurse. Miss Ruth Langille, R. N., has been found very efficient and most agreeable to all concerned since her period with us commencing November, 1923. Miss Langille left for Boston, January 27, 1925, to take a more extensive course in Public Health Nursing at Simmons College, expecting to complete the course by the last week in May. During Miss Langille's absence Miss Mabel L. Filmore, of Sackville, New Brunswick, Canada, a graduate of Union Hospital of Fall River, Mass., will act as nurse.

For the year ending February 1, 1925, there have been 1,210 nursing care visits, 111 instruction or demonstration, 140 investigation, 196 school treatments.

The school inspection work has been finished at the Grammar School Building by the Nurse and Dr. Lachaine.

During the year two operations and care have been financed by the Chapter. On account of the seriousness of the operation of Miss Tacey and the time it will take to recover, the bill was somewhat larger than it would have been otherwise. It is well to mention here where some of the money was raised.

Money donated	\$27.00
Movie	50.60
Dance	204.83
Melrose Hospital gift	50.00

Gift towards operation	100.00
------------------------	--------

Gift towards administering ether	5.00
----------------------------------	------

Zion's Hill Press gave the printing for the Dance and Movie.

Work was done free by all the helpers at both functions. There was also the gift for the use of Monitor theatre.

The Hinsdale Branch of the American Red Cross has received an Honor Flag for their membership drive.

The committee at this time take the opportunity to thank all who have given their hearty co-operation in the work.

Respectfully submitted,

EVA N. FAY,

Chairman of the Nursing Committee.

## HINSDALE PUBLIC LIBRARY

The following report of the Hinsdale Public Library and Reading Room is hereby submitted:

Total circulation for the year	18,675
Adult fiction	9,284
Adult non-fiction	1,042
Juvenile fiction	3,741
Juvenile non-fiction	2,999
Magazines	1,609
Largest monthly circulation, January	1,843
Smallest monthly circulation, June	1,195
Average daily circulation	60
Per cent of fiction	70
Volumes added by purchase	315
Books presented	187
Reading Room attendance	6,096
Average	20

The circulation of books for the year of 1924 is the largest the library has ever had, showing an increase of 2,615 over that of the preceding year. This large increase is very gratifying, as it proves that the townspeople are using their library, and taking advantage of the privileges it offers more than ever before. The percentage of adult fiction is lower than that of last year, proving that more educational books are being used, both by adults and children.

The records show an increase of more than one hundred new books over the number purchased last year. The interest from the Annie E. Amidon fund enabled us

to buy these additional books, and were it not for the continued high price of books, even more could have been added.

Many books have been given to the library during the past year. Mr. S. S. Strouse donated a large number from his collection, and Mr. Edward P. Bailey of Brockton, Mass., presented the library with a valuable set of Reports of the Geological Survey. Then, too, a number of used books were given to us by the Forest Park Branch of the City Library Association of Springfield, Mass.

During the summer a course of vacation reading was conducted for boys and girls, which led to the use of many educational books. The children who fulfilled the requirements and completed the course were given books as prizes.

Good Book Week was observed by a library exhibit of books and posters placed in the store window of C. A. Holland & Son. This gave the passerby an opportunity to see some of the good books being added to the library, and afforded a suggestion of best books for the home. There was also an exhibit in the library.

Over one hundred books that had become badly soiled and worn have been discarded. It is very desirable that better care be given the books in the homes, in order that they may not be returned to the library so badly soiled and worn.

Thirty-four books have been rebound at the National Library Bindery Co. in Springfield, and more than two hundred books have been repaired in the library.

Petty cash in the hands of the librarian is as follows:

Balance on hand, Feb. 1st, 1924	\$48.31	
Received from fines and old papers	35.19	
	<hr/>	\$83.50
Expended for supplies, expenses, etc.	\$34.29	
Balance on hand	49.21	
	<hr/>	\$83.50

Unexpended funds consisting of the Hooker fund, Althea Stearns, Bowker, Abbot Jones funds, and interest on the Annie E. Amidon fund \$514.62. Interest on trust funds for fiscal year of 1924, just received, amounting to \$468.63, makes a total of \$985.25.

L. JEANETTE DAVIS,  
M. ELIZABETH FISHER,  
FREDK. S. LEONARD,

Library Committee.

HILDA M. SAWYER, Librarian.

The social life of the school has been maintained as usual and in the early winter was greatly augmented by the construction of a skating rink at the playground. A school fair, for the benefit of the Senior Class, was held in the Town Hall.

The headmaster wishes more parents would visit the school and see the work being done.

The headmaster wishes to thank all those who have aided him and his teachers in the school work of Hinsdale.

Respectfully submitted,

WILFRED G. BODINE.

## SUPERINTENDENT'S REPORT

To the Board of Education and Citizens of Hinsdale:

I hereby submit my fourth annual report as Superintendent of Schools.

The plan of organization and supervision entered upon early in the school year of 1921-22 has been carried through with gratifying results down to the present time. The periodic use of standardized tests in all the schools has made it possible for the superintendent to keep in close personal touch, not only with the work of the teachers, but with the work of each individual pupil as well. It has enabled him to locate definitely the specific weaknesses of pupils, classes, and teachers, and to discuss intelligently with teachers as to how best to go about it to improve undesirable conditions wherever they might exist. After locating definitely the weak points of poor pupils or whole classes by means of the tests, teachers have been enabled to concentrate their teaching efforts where they would do the most good. The interest of the pupils themselves in the test results has led to a much greater degree of spontaneous effort than is found among the pupils of most schools wherein the tests are not used. The result has been to raise the level of school work to a high degree of efficiency in most cases. The interested efforts and willing co-operation of the teachers in bringing about these results deserve our highest praise.

There were only five changes in the regular teaching force for the current year. Miss Minnie A. Cushman, A.B., Middlebury College, 1924, is the new teacher of Latin and French at the High School. Miss Louise P. Baldwin suc-

ceeded Miss Florence Hoeh as teacher of Domestic Arts in the High School.

At the end of last school year the district lost the services of a faithful and efficient teacher in the person of Miss Clara Stearns, who for several years had served as principal of the Bridge Street School. Miss Gertrude McCormack, teacher of last year's fifth grade is proving a capable and worthy successor. Miss McCormack's place in the fifth grade was taken by Miss Gertrude Marlborough, Fitchburg Normal School, 1924. The rural schools are being efficiently served by Miss Hazel Lombard at the Monument School and Miss Florence Brassard at the Plain School.

Since last year's arrangement with the Keene Normal School to furnish teachers of manual training, drawing, and music proved fairly satisfactory, the contract was renewed for this year. Cadet teachers are obtained at rates that mean a considerable saving to the district over what would have to be paid if regular teachers were hired for these subjects.

The only important building improvement aside from the usual necessary repairs was the addition of a commercial room in the H. S. Building. This room was provided by partitioning off a corner of the main training room. It represents a much-needed improvement.

With thanks for continued confidence and co-operation, this report is respectfully submitted.

SAMUEL S. BROOKS,

Supt. of Schools.
